

Imperial, PA

The Area

Pittsburgh, along with its surrounding neighborhoods like Imperial, is a place of pride, positive people, and endless possibilities. You don't have to look far to see the genuine need of the elderly residents in the North Fayette Township communities. An aged population where many younger residents have headed south for warmer winters has left senior citizens without help for basic home maintenance.

An area deep in history of the bygone days of the Industrial Boom when steel, coal and oil fueled the national economy, Western Pennsylvania is home to the confluence where the Allegheny and Monongahela Rivers meet to form the Ohio River; known as the Three Rivers region. The local residents take great pride in their sports teams as well, including the Pittsburgh Steelers, Penguins and Pirates. There is so much to do, so much to choose from, in a city of three rivers, three major league sports teams, and dozens of recreation possibilities within the region and immediately beyond.

The Need

Food pantries consistently need replenishing of their shelves and upgrading of their facilities. Senior citizens need ongoing help maintaining their homes as well as depending on Meals on Wheels to provide a large portion of their nutrition needs.

Additionally, community locations such as the libraries and churches need a fresh look, whether through simple repairs, painting jobs, or landscaping. In particular, one local library is desperately in need of project work in order to open its larger facility that is very much needed for its growing community.

Projects will vary, including painting, minor carpentry and general home repairs.
