

# Maumee, OH

## The Area

With the resources of a big city and a community that supports each other through thick and thin, Maumee perfectly fits the description of a large, small town.

Sitting on the Maumee River, the city borders Toledo to the south. Because of its ideal logistical location to many cities, it's known as the "Crossroads of America."

## Our Partner

With many ties to the city, our partner hosts community events throughout the year, including concerts for elementary school children and reading programs for community children sponsored by church members.

## Lodging Information

Participants will stay in an \*air-conditioned facility with locker room, open-style showers. Bring your swimsuits if you're worried about modesty. Everyone will be sleeping on floors, gender-separate, so bring your air mattresses!

*\*Subject to change.*

## The Need

National manufacturers that once called Maumee home have left or shut their doors and the city has many neighborhoods in need of repair. Many residents need their homes painted, porches fixed and wheelchair ramps built.

## Area Activities

The Toledo Mud Hens is a popular minor league baseball team that promises good action and great entertainment. The Toledo Zoo is a popular destination and for more heart pumping fun, check out Cedar Point, an amusement park that boasts 17 roller coasters and a world record 72 rides!
