FOOD RESTRICTIONS

Group Mission Trips understands there are many people with dietary restrictions and food allergies. We want our staff and participants to work together to provide a safe environment for anyone with food restrictions.

DIETARY RESTRICTIONS:

- If a participant has a food allergy or restriction, their Trip Leader should ensure they've seen Group's Sample Menu. They can see what will be served each day and decide what supplement meals/snack items they'll need to bring.
- If a participant must eat gluten-free, please let Group know either by calling or via the online Dashboard prior to camp.
- If a participant needs to bring supplement meals or snacks to accompany the Group menu, there cannot be a reduction in registration fees since Group purchases food in bulk. Camp staff *will* assist by providing space for additional food in the kitchen or in another designated storage area.
- If the food allergy is severe, the Youth Leader should notify Group either by calling or via the online Dashboard prior to camp. Depending on the severity, the participant may need to be assigned to a crew with another person from their own group who understands their food restrictions. The participant should inform the rest of their crew about their food restrictions too, should an emergency arise.
- Participants need to bring any medication they need (ie EpiPens).
- Participants may want to bring their own small cooler to keep their lunch separate from the others on their crew.
- Cafeteria staff will be able to provide ingredient information prior to each meal at camp. There will be signs posted in the cafeteria each day at camp that list vegetarian options. Please also see the next page.
- If you have any questions, please feel free to call us at 1-800-385-4545, option 3.

Please see the next page for vegetarian options.
