

Kenosha, WI

The Area

We love serving in Kenosha, Wisconsin! This city hails from America's cheese capital and rests on the gorgeous shore of Lake Michigan. We partner with Journey Church in Kenosha, who has generously provided us with a home base and lodging facility for the summer.

Our Partners

We have a Local Coordinator there that maintains connections with the organizations we serve throughout the year so that our service and relationships are sustainable. He lives in the area and will be a great resource for you during the camp.

We will be volunteering with a variety of organizations throughout the Kenosha area, including a few women's centers, food pantries, local ministries, assisted living homes, and many more.

Lodging

We are blessed to be staying at a local church. It is a large, beautiful facility that houses many awesome activities and ministries throughout the year. We will be using their fun children's ministry area to join together for our program and devotional times, as well as sleeping rooms, cafeteria space, and a gym.

There is air conditioning throughout the building, and indoor showers are provided for our use. Most of the showers are open shower style, there are 2 private showers per gender.

The church is locked each night by staff.

Amenities and Fun Stuff

Resources nearby include Target, Walmart, and Pick N Save, as well as many restaurants. Downtown Kenosha is lots of fun, especially when seen by electric streetcar. The beautifully restored streetcars travel a 2-mile loop, providing a scenic tour of the Lake Michigan shoreline, Harbor Park, and downtown districts.

Washington Park is also nearby and features a pool with water slides, a playground, sports courts, and picnic areas.

Many groups enjoy heading down to Simmons Island Beach. There is a boardwalk that takes you all the way out to a big red light house (a Kenosha icon).

Other favorites include the Jelly Belly Factory 10 minutes away (free tours daily <http://www.jellybelly.com/templates/wisconsin-warehouse-index>), Six Flags Great America and Hurricane Harbor 30 minutes away (<https://www.sixflags.com/greatamerica>), and the Racine Zoo.

Kenosha is also 40 minutes from Milwaukee, WI and about an hour from Chicago, IL.
