

# Wayne County, NY

## The Area

---

You'll love serving in small-town Wayne County, NY. We partner with a church just outside Wayne County in Newark, NY.

## Our Partners

---

We have a Local Coordinator who maintains connections throughout the year with the organizations we serve so that our service and relationships are sustainable. She is super passionate about helping the community and even manages one of our partner organizations. She will be a great resource to you this summer!

We will be volunteering with a variety of organizations throughout Wayne County, including a community hospital, local ministries, a couple community gardens and trails, a women's shelter and more.

## Lodging

---

We are blessed to be staying at a beautiful facility that allows us to use their fellowship hall, sleeping rooms, kitchen and sanctuary.

There is air conditioning in the main sanctuary, however not throughout the entire building. It may be nice to bring an extra fan! We will be showering at a high school a mile away from the facility. The showers are "open" shower style, so make sure to pack a swimsuit!

There is a security system in the church, and the staff will have key cards and lock the doors each night.

## Amenities and Fun Stuff

---

Resources nearby include Walgreens, Wegmans, and Walmart. The Chill & Grill is also nearby which serves delicious ice cream. Down the road an hour east or west you can visit Syracuse or Rochester, NY.

If you are in the mood for some stellar BBQ, make sure to check out Dinosaur Bar-B-Que located in both cities.

For outdoor adventure seekers, there are a ton of lakes and state parks nearby; some favorites include Buttermilk Falls State Park and Watkins Glen State Park (<http://nysparks.com/>). You may also want to stop at Niagara Falls for some incredible views, which is about 2 hours from the facility. (Make sure to pack your poncho!)
