

Green Bay, WI

The Area

Wisconsin's oldest settlement, Green Bay, is located at the mouth of the Fox River on the shore of Lake Michigan. The river, which has been an avenue of transportation and commerce for centuries, carves its way through the middle of the city.

Green Bay is also the smallest city to host an NFL football team. Founded in 1919, the 13-time national champion Green Bay Packers is the only NFL team to be owned by its fans.

Green Bay is home to a large population of elderly, low-income, or disabled residents, many of whom sorely need your help to remain in their homes. Join us to share the love of Jesus and make an impact.

Our Partner

Two local churches and past Workcamps participants have joined forces with a home repair agency to serve their own hometown. Together, Group Mission Trips and our Cosponsor team has made a long-term commitment to serve the community as part of their ongoing effort to improve the homes and lives of their neediest neighbors. All the services focus on increasing the financial stability of neighbors by providing services that create and preserve opportunities for homeownership and affordable housing.
