

Topeka, KS

The Area

Kansas couldn't have picked a better location than Topeka to be their capital city. Topeka is a vibrant city that pulls you into just about every community event. From art festivals to massive food truck celebrations, there's always something going on in Topeka.

As you discover the neighborhoods of Topeka, you will fall in love with the residents who are actively fortifying their own neighborhoods. You will work hand in hand with residents who are making their community a better place to live.

Join the Topeka residents as they push for a better future and a beautiful place to continue to call home.

Our Partner

"We just want to help the community!" That's how our conversation started with this amazing governmental organization that is working hard to keep the residents of Topeka and the surrounding area in their homes. Safe, healthy, affordable, sustained homes are the goal and we are fortunate to help them accomplish this.

They have a long view of how to help their community. Additionally, they offer personal empowerment, food pantries, neighborhood improvement, grant application, and budget management programs for residents. Residents are encouraged and supported to engage in their neighborhood and the greater community. It's a well-rounded program, and our involvement is instrumental to their overall goals.
